

September 2, 2008

Dear Subcommittee Member:

As you know, next Wednesday, September 10, 2008, we will be having our initial Water Resource Assessments, Studies, Data Collection and Storage Subcommittee meeting. I enclose our agenda for the day. It is my intention, to have at least one more subcommittee meeting-- possibly two--before we wind up our affairs and report to the full Legislative Committee. We will discuss the next subcommittee meeting date at our meeting next week. Please bring your calendars.

I understand many persons will be driving considerable distances to attend. Therefore, in order to make sure we finish on time, we will be ordering lunch in (sandwiches from a local deli) and continue to work through lunch. If you wish to bring your own lunch, please feel free to do so. It is also my goal to adhere closely to the agenda to insure a timely dismissal.

In closing, thank you for your participation in the subcommittee. Our report will only be as strong as the input provided by those concerned about our water resources and policy in Alabama. If you have any questions before next week, please feel free to contact me.

If any presenters need to discuss audio-visual aids, please contact Mr. Jim Page at the Decatur/Morgan County Chamber of Commerce at the number listed on the agenda.

Best regards,

Arthur Orr
